

# RECYCLING - ROSEBANK & MOWBRAY 2022

**SUBSCRIPTION CYCLE:** The payment cycle runs from **January to December 2022**. **Subscription is annual (pro rata depending on when you join) except when residents know they will be moving out part way through the year**. If residents leave the area or decide to cancel the service they will be reimbursed pro rata for months they will not be using the service.

**COST:** **R40 per month per collection point or R480 for 12 months** (whether this is a household or a whole block of flats).

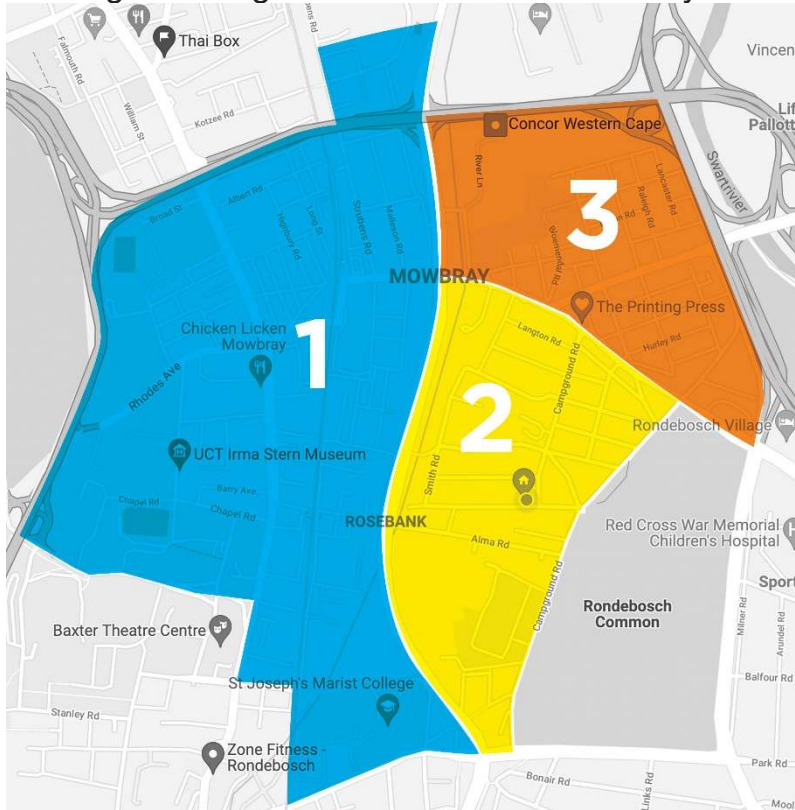

**BACKGROUND:** Before the implementation of Little Mowbray Rosebank Improvement District (LMRID) a perception survey was conducted which indicated there was strong support for a recycling initiative. A small sub-committee of interested recyclers was established to look into various options. It proved to be far too expensive for LMRID to fund such an initiative for all residents. After lengthy research it was agreed to contract Averda (previously 'Wasteman') to collect recycling from those households/ blocks of flats/ townhouses interested and willing to pay a small monthly amount.

**WHERE AVERDA WILL COLLECT:** The **service has been extended to other parts of Rosebank and Mowbray that do not fall within the LMRID boundaries**. The service is endorsed by LMRID but run independently from LMRID, by interested residents.

**HOW MUCH RECYCLING CAN YOU PUT OUT EACH TIME?** Averda will collect **as many bags of recycling as you put out** on each collection day.

**MUST RECYCLING BE SORTED?** **No**, recycling materials do not need to be sorted, provided they are uncontaminated with food, and put into your own **clear plastic bags** (which can be bought from most supermarkets). To save space, let all the air out of plastic bottles with lids, by flattening them & putting the lid on tightly.

**WHEN AVERDA COLLECTS:** Collections are **fortnightly on Thursdays**, from **8am** onwards. See calendar below for dates. At residents' request we have set up **3 collection zones** with **approximate** collection times to limit the number of bags that get opened and rummaged through before the truck comes by.

**RECYCLING BLUE ZONE ONE** Rosebank & Mowbray above Liesbeek (mountain side) Approximate time of collection: **8 - 9am**:
